“We recently held our team building days at Houdini’s Escape rooms at the Yew Lodge. The hotel put together a package to include both of the new escape rooms with a cocktail making class half way through the day. The whole experience from start to finish was fantastic and the Escape rooms by far exceeded our expectations. All of the team came away feeling really positive, and it was a great way to help build relationships.”

Being in the entertainment industry ourselves and in preparation for our busy Christmas period we visited the Escape rooms at Yew Lodge for a team build and pre-Christmas meeting. The sales team there packaged this up with a meeting room and food and the all in one price made it simple and clear. The event blew our minds, well organised, fun and a tiny bit challenging for some, we are still buzzing now. The staff were exceptional in all areas of the hotel but the characters hosting the escape rooms felt like an extra team member helping is solve the puzzles when required.”

Thank you so much for making the running of the team Beacon event so smooth! You kept me relaxed, grounded and made it all really enjoyable and I couldn’t recommend Yew Lodge more for an event. The escape rooms were amazing and a great addition to Yew Lodge either for a stand-alone activity or for a massive event like ours. Nothing was too much trouble from booking right through to the final invoice delivery, my senior leadership team echo my thoughts and were delighted with the business benefits. Please also pass on my thanks to the wider team at Yew Lodge. I can’t wait to visit again with the family and make use of the pool and Marco Pierre White’s.
