

The background of the entire page is decorated with various stylized illustrations of winter foliage. These include green fern-like leaves, dark green holly leaves with prominent veins, red holly berries, and several red flowers of different shapes and sizes. Some flowers have small white dots in their centers. The illustrations are scattered around the central text, creating a festive and seasonal atmosphere.

The Festive Season at The Lee Wood

Christmas is always a special time of year at the Lee Wood.
After the turbulence of the last couple of years, we all want to finish the year
spending quality time with friends, family, colleagues
and the people that matter the most.

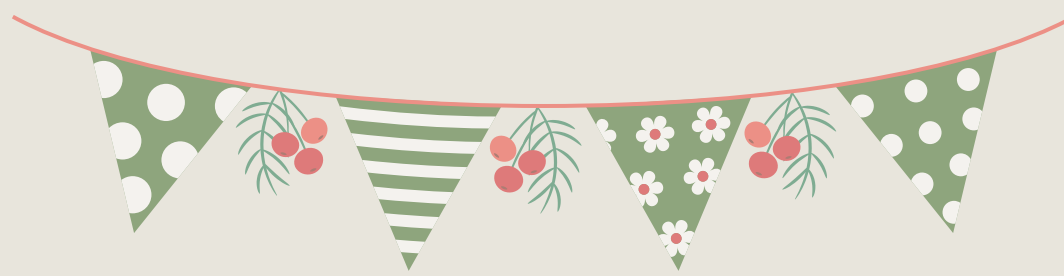

Throughout December we want to celebrate all things Christmas so we can get
together, celebrate and enjoy good food and drink! All of our menus have been
created using the freshest of ingredients from our local suppliers. All menus
consider varying dietary requirements to make eating out during the festive
period easy for everyone.

Being family owned and managed, Christmas is always an amazing time to be in
the hotel and the entire team are looking forward to welcoming back both
regular and new guests.

Kindest regards

Owen, Nicola and John
